

Welcome to the Avigilon End User training page. From here you can access the Avigilon training center that covers every aspect of ACC and their mobile interface. We suggest each officer that plans to use the software register and take part in the training course and receive their certification from the suggested courses. The suggested courses are spelled out below, these are just our suggestions, each officer/security staff can choose to go further in their training if they so choose to.

Each user will need to click the Sign-Up link and enter the enrollment key AVOCUSTOMERSIGNUP to register.
